FIONA JOBLING- LECTURER

EN “Carpe diem” sums up Fiona’s attitude to life: she has grasped every opportunity with both hands, gaining experience and qualifications in an astonishing range of fields.

A keen sportswoman from the heart of rural England, Fiona has an outdoor life and was always fascinated by the natural world. At the same time, she qualified as a Fine Arts and Chattels surveyor, studying Architecture, History, Art and Artefacts.

Working as a researcher for a consultancy to major charities opened further doors, working with numerous non-profit organizations.

The invitation to work in a newsroom led on to training in TV operations and engineering, in both field and studio contexts, in London, Dublin and Hong Kong.

Having always got out on the sharp end of things whenever possible means that today’s role on Explorer Voyages - introducing guests to beloved destinations, cultures, architectural wonders, foods and sports is a continuing way of life.

DE “Carpe diem” beschreibt am Besten Fionas Leben: sie hat versucht möglichst viele Erfahrungen und Qualifikationen zu gesammelt.

Die sportliche Britin, liebt das Leben im Freien und die Natur. Sie ist aber auch Künstlerin und hat Architektur, Geschichte und Kunst studiert.

Sie arbeitet oft ehrenamtlich.

Aber auch für das Fernsehen in London, Dublin und Hong Kong.

Jetzt freut sie sich darauf mit ihnen die Kultur unserer Reiseziele zu entdecken.
